Nabadwip Vidyasagar College

Educational Excursion Information (Year wise)

Academic Year: 2017-2018 to 2021-2022

Department of Environmental Science

Year	Tenure of journey	Destination	No	o. of Stude	nts	No	o. of Teach	ers	Whether included in the syllabus or not (if yes provide documents)
			Male	Female	Total	Male	Female	Total	
2017- 2018	2 nd January 2017 – 7 th January 2017	Lava, Kolakham, Boxa-Jayanti, West Bengal	11	9	20	3	0	3	 Paper III: (Practical): Field Study: Field study will be carried out to study forests, estuaries, coastal areas for understanding of climate and human impact on biodiversity. Paper XI: (Practical): Field Study: Field study will be carried out.
2018- 2019	12 th January 2018- 15 th January 2018	Sillery Gaon, Icche Gaon, Kalimpong, West Bengal	8	5	13	3	1	4	 Paper III: (Practical): Field Study: Field study will be carried out to study forests, estuaries, coastal areas for understanding of climate and human impact on biodiversity. Paper XI: (Practical): Field Study: Field study will be carried out.
2019- 2020	19 th January 2019 - 24 th January 2019	Lava, Rishop, Jhandi, Lataguri West Bengal	6	5	11	3	1	4	 UG-ENVS-H-CC-P -02 Practical: Field visit UG-ENVS-H-CC-P -03 Practical: Field study related to rainwater harvesting / groundwater wells and document preparation. Field visit to wetland and document preparation.

	 Water demand in domestic/ agricultural fields/ industrial areas through preparation of survey sheets followed by documentation. UG-ENVS-H-CC-P -05 Practical:
	 Qualitative and quantitative analysis of planktons of aquatic systems.
	Determination of species, dominance and frequency using quadrate/ plot method.
	Ecological field visit: pond/forest/river/wetland or other ecosystem.
	4. UG-ENVS-H-CC-P -06 Practical: Ecorestoration – site visit.
	5. UG-ENVS-H-CC-P -07 Practical: Field visit to meteorological centre.
	6. (Code: UG-ENVS-H- SEC-01a), Unit 5: Demonstrative exercise: GIS laboratory visit.
	7. Code: UG-ENVS-H- SEC- 01b Unit 6: Demonstrative exercise
	Industry/factory visit to assess the safety measures adopted for the workers in textile, dye, bidi making and brick kiln factory/industry and fire.
	 Occupational health study of small scale industry workers through survey and documentation.
	 8. UG-ENVS-H-CC-P -08 Practical: Field visit for floral and faunal assessment
	of an area. • Study of invasive species distribution and
	documentation. 9. UG-ENVS-H-CC-P -09 Practical: Visit to
	5. UG-ENV3-H-CC-P -U3 Practical: VISIT to

mine area, forest area and aquaculture farm. 10. UG-ENVS-H-CC-P -10 Practical: Field visit to effluent treatment plants (ETP)/ sewage treatment plants (ETP)/ sewage treatment plants (STP). 11. UG-ENVS-H-DSC-D2b: Field survey based on environmental quality zone map preparation of a model area (urban/ rural/ industrial) 12. UG-ENVS-H-DSE-P-01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE-O1b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-O2a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-O2b: Visit to waste disposal sites and report preparation in U-ENVS-H-CC-P-13 Practical: Field survey based analysis, exercise and interpretation 16. UG-ENVS-H-CC-P-13 Practical: Field survey based nalysis, exercise and interpretation. 17. UG-ENVS-H-CC-P-14 Practical: Field survey on perception of environmental laws in communities/ societies and document preparation. 17. UG-ENVS-H-CC-P-14 Practical: Field survey based analysis, exercise and interpretation.		<u> </u>		
10. UG-ENVS-H-CC-P -10 Practical: Field visit to effluent treatment plants (ETP)/ sewage treatment plants (STP). 11. UG-ENVS-H-SEC -02b: Field survey based on environmental quality zone map preparation of a model area (urban/ rural/ industrial) 12. UG-ENVS-H-DSE-P -01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE-02b: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation of U-G-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation of U-G-ENVS-H-CP-13 Practical: Field survey based analysis, exercise and interpretation environments affety policy adoption, environments affety policy adoption in industry and document preparation. Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CCP-14 Practical: Field survey based analysis, exercise and				mine area, forest area and aquaculture
to effluent treatment plants (ETP)/ sewage treatment plants (STP). 11. UG-ENVS-H-SEC-QD: Field survey based on environmental quality zone map preparation of a model area (urban/ rural/ industrial) 12. UG-ENVS-H-DSE-P-01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non- renewable energy units. 13. UG-ENVS-H-DSE-01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P-13 Practical: Field survey based analysis, exercise and interpretation Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P-14 Practical: Field survey based analysis, exercise and				farm.
sewage treatment plants (STP). 11. UG-ENVS-H-SEC-02b: Field survey based on environmental quality zone map preparation of a model area (urban/ rural/ industrial) 12. UG-ENVS-H-DSE-P-01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE-01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P-13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation.				10. UG-ENVS-H-CC-P -10 Practical: Field visit
11. UG-ENVS-H-SEC-02b: Field survey based on environmental quality zone map preparation of a model area (urban/ rural/ industrial) 12. UG-ENVS-H-DSE-P-01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE-01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P-13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environmental safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation. 17. UG-ENVS-H-CC-P-14 Practical: Field survey based analysis, exercise and				to effluent treatment plants (ETP)/
on environmental quality zone map preparation of a model area (urban/ rural/ industrial) 12. UG-ENVS-H-DSE-P -01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non- renewable energy units. 13. UG-ENVS-H-DSE- 01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-D-13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environmental policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CP-14 Practical: Field survey based analysis, exercise and				sewage treatment plants (STP).
preparation of a model area (urban/ rural/industrial) 12. UG-ENVS-H-DSE-P-01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE-01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation of the unit of the un				11. UG-ENVS-H- SEC -02b: Field survey based
industrial) 12. UG-ENVS-H-DSE-P-01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE-01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation in Ug-ENVS-H-CC-P-13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P-14 Practical: Field survey based analysis, exercise and				on environmental quality zone map
12. UG-ENVS-H-DSE-P -01a Practical: Field survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE- 01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC- P-13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P-14 Practical: Field survey based analysis, exercise and				preparation of a model area (urban/ rural/
survey based analysis, exercise and interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE- O1b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-O2a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-O2b: Visit to waste disposal sites and report preparation. 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				industrial)
interpretation; Visit to renewable/non-renewable energy units. 13. UG-ENVS-H-DSE- 01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environmental policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				12. UG-ENVS-H-DSE-P -01a Practical: Field
renewable energy units. 13. UG-ENVS-H-DSE- 01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				survey based analysis, exercise and
13. UG-ENVS-H-DSE- 01b: Epidemiological survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P-13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P-14 Practical: Field survey based analysis, exercise and				interpretation; Visit to renewable/non-
survey in arsenic affected areas. 14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				renewable energy units.
14. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				13. UG-ENVS-H-DSE- 01b: Epidemiological
evaluation of forest and fisheries management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				survey in arsenic affected areas.
management system and document preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				14. UG-ENVS-H-DSE-02a: Field visit for
preparation. 15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				evaluation of forest and fisheries
15. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				management system and document
disposal sites and report preparation 16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				preparation.
16. UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				15. UG-ENVS-H-DSE-02b: Visit to waste
survey based analysis, exercise and interpretation • Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. • Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and				
interpretation Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. 									18. UG-ENVS-H-DSE-P -03a Practical: Field survey based analysis, exercise and interpretation
2020-2021	6 th January - 9 th January	Dooars, Boxa, Jayanti River West Bengal	6	7	13	1	2	3	 UG-ENVS-H-CC-P -02 Practical: Field visit UG-ENVS-H-CC-P -03 Practical: Field study related to rainwater harvesting / groundwater wells and document preparation. Field visit to wetland and document preparation. Water demand in domestic/ agricultural fields/ industrial areas through preparation of survey sheets followed by documentation. UG-ENVS-H-CC-P -05 Practical: Qualitative and quantitative analysis of planktons of aquatic systems. Determination of species, dominance and frequency using quadrate/ plot method. Ecological field visit: pond/forest/river/wetland or other ecosystem. UG-ENVS-H-CC-P -06 Practical: Ecorestoration – site visit. UG-ENVS-H-CC-P -07 Practical: Field visit to meteorological centre. (Code: UG-ENVS-H- SEC-01a), Unit 5: Demonstrative exercise: GIS laboratory visit. Code: UG-ENVS-H- SEC- 01b

			textile, dye, bidi making and brick kiln
			factory/industry and fire.
		•	Occupational health study of small scale
			industry workers through survey and
			documentation.
		8.	UG-ENVS-H-CC-P -08 Practical:
		•	Field visit for floral and faunal assessment
			of an area.
			Study of invasive species distribution and
			documentation.
		9.	UG-ENVS-H-CC-P -09 Practical: Visit to
			mine area, forest area and aquaculture
			farm.
		10.	UG-ENVS-H-CC-P -10 Practical: Field visit
			to effluent treatment plants (ETP)/
			sewage treatment plants (STP).
		11.	UG-ENVS-H- SEC -02b: Field survey based
			on environmental quality zone map
			preparation of a model area (urban/ rural/
			industrial)
		12.	UG-ENVS-H-DSE-P -01a Practical: Field
			survey based analysis, exercise and
			interpretation; Visit to renewable/non-
			renewable energy units.
		13.	UG-ENVS-H-DSE- 01b: Epidemiological
			survey in arsenic affected areas.
		14.	UG-ENVS-H-DSE-02a: Field visit for
			evaluation of forest and fisheries
			management system and document
			preparation.
		15.	UG-ENVS-H-DSE-02b: Visit to waste
			disposal sites and report preparation
		16.	UG-ENVS-H-CC-P -13 Practical: Field
			survey based analysis, exercise and

								 interpretation Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. Survey on perception of environmental laws in communities/ societies and document preparation 17. UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and interpretation. 18. UG-ENVS-H-DSE-P -03a Practical: Field survey based analysis, exercise and interpretation
2021-2022	21 st June 2022– 23 rd June2022	Sundarban, West Bengal	5	8	13	2	1	 UG-ENVS-H-CC-P -02 Practical: Field visit UG-ENVS-H-CC-P -03 Practical: Field study related to rainwater harvesting / groundwater wells and document preparation. Field visit to wetland and document preparation. Water demand in domestic/ agricultural fields/ industrial areas through preparation of survey sheets followed by documentation. UG-ENVS-H-CC-P -05 Practical: Qualitative and quantitative analysis of planktons of aquatic systems. Determination of species, dominance and frequency using quadrate/ plot method. Ecological field visit: pond/forest/river/wetland or other ecosystem. UG-ENVS-H-CC-P -06 Practical:

	Ecorestoration – site visit.
	5. UG-ENVS-H-CC-P -07 Practical: Field visit
	to meteorological centre.
	6. (Code: UG-ENVS-H- SEC-01a), Unit 5:
	Demonstrative exercise: GIS laboratory
	visit.
	7. Code: UG-ENVS-H- SEC- 01b
	Unit 6: Demonstrative exercise
	 Industry/factory visit to assess the safety
	measures adopted for the workers in
	textile, dye, bidi making and brick kiln
	factory/industry and fire.
	Occupational health study of small scale
	industry workers through survey and
	documentation.
	8. UG-ENVS-H-CC-P -08 Practical:
	Field visit for floral and faunal assessment
	of an area.
	Study of invasive species distribution and
	documentation.
	9. UG-ENVS-H-CC-P -09 Practical: Visit to
	mine area, forest area and aquaculture
	farm.
	10. UG-ENVS-H-CC-P -10 Practical: Field visit
	to effluent treatment plants (ETP)/
	sewage treatment plants (STP).
	11. UG-ENVS-H- SEC -02b: Field survey based
	on environmental quality zone map
	preparation of a model area (urban/ rural/
	industrial)
	12. UG-ENVS-H-DSE-P -01a Practical: Field
	survey based analysis, exercise and
	interpretation; Visit to renewable/non-
	renewable energy units.

		1	 UG-ENVS-H-DSE- 01b: Epidemiological survey in arsenic affected areas. UG-ENVS-H-DSE-02a: Field visit for evaluation of forest and fisheries management system and document preparation. UG-ENVS-H-DSE-02b: Visit to waste disposal sites and report preparation UG-ENVS-H-CC-P -13 Practical: Field survey based analysis, exercise and interpretation Field visit for assessment of environmental policy adoption, environment safety policy adoption in industry and document preparation. Survey on perception of environmental laws in communities/ societies and document preparation UG-ENVS-H-CC-P -14 Practical: Field survey based analysis, exercise and interpretation. UG-ENVS-H-DSE-P -03a Practical: Field survey based analysis, exercise and
			interpretation
